**WE CARE  
ABOUT THE NATURE**

## About us

KEGO Company Limited (KEGO) is a manufacturer of disposable wooden cutlery in Vietnam. Established in 2011 in Hanoi, Vietnam, KEGO has many years of experience in producing and exporting wooden products to over 30 countries worldwide. Since 2019, we became the first company in Vietnam producing eco-friendly wooden items such as disposable wooden cutlery.

## Our mission

- ▶ Contribute to the global effort in reducing plastic waste and protect our environment.
- ▶ Lead the innovation in producing eco-friendly products and provide excellent solutions to the customers.

## Why choose us?

We produce our products from fresh wood logs to finished items, at a single production site. Thus, we can control quality of the whole production process; monitor progress of the order completion as well as provide the best price offer to the clients.

We champion product design to reduce waste and keep material use to minimum.

We offer a bespoke custom printing service, own branded packaging as well as custom products.

With over 10 years of experience in export, our customer service team have a wealth of knowledge, for any queries you may have.

## Our factory

KEGO has put a brand-new factory into operation since Jan 2022.

**Location:** Lot G1, Thanh Binh industrial park, Thanh Thinh commune, Cho Moi district, Bac Kan province.

**Transportation:** 100km from Noi Bai International Airport, 130km from Hanoi city and 235km from Haiphong International Seaport.

**Total area:** 7538m<sup>2</sup>, including 2000m<sup>2</sup> production warehouse

**Main products:** disposable wooden spoons, forks, knives

**Total designed capacity:** 24 million pcs per months

**Certificates:** FSC, ISO22000, HACCP

## What is special about our wood material?

Unlike most of other disposable wooden cutlery in the market, our products are made from Magnolia Conifera, a local tree species that is planted widely in surrounding area of our factory. It means our factory has sustainable sources of material supply and can reduce risk of material shortages.

Products from the Magnolia Conifera is almost odorless, tasteless and toxic-free. They are excellent alternatives to plastic cutlery.

The entire range of our products is FSC® certified carrying 100% logo. It means that we can be sure our products are made from wood (Magnolia Conifera) which comes from responsibly managed forests.

## Our products

### Wooden cutlery
